

What Students Say about Fusion Academy:

"Fusion Academy isn't like other prep schools around Flushing. ABC, Mega, and Kaplan can not compare. I'm glad that I got introduced to Fusion Academy and words can't describe how much Fusion Academy has helped me." --Vivian X.

"Having attended prep schools for a large portion of my life, I can honestly say that Fusion is like no other. What is so unique about Fusion is that the teachers are genuinely concerned for the students' well-being, academics and all. Sue-een and Paul are not only terrific teachers but excellent mentors, role models and friends." --Rachel K.

"Fusion Academy has not only an amazing environment to learn, but also a terrific group of people to learn with. The small class size allows for more intimate and specialized teaching methods. I loved the people I was surrounded with and actually enjoyed studying (as hard as it may seem to imagine)." --Tiffany R.

"God helps those who help themselves...the people at Fusion Academy help everyone no matter what." --Terrence P.

Our Senior Instructors

Paul Simpson – graduated from Harvard University with a Masters Degree in Education. He is also an adjunct professor at John Jay.

Sue-een Liu – graduated from Cornell University. She is also a member of the New York State Bar.

FUSION ACADEMY

*Better Learning.
Better People.*

SAT • PSAT • SHSAT • ACT

SAT PREP CLASSES

Fusion Academy helps students improve their SAT scores with Ivy-league teachers, small classes, and exclusive study material.

We offer classes to prepare for every SAT class given throughout the year.

Weekday classes are offered Monday through Thursday.

Weekend classes are offered on Saturdays.

ACT PREP CLASSES

Fusion Academy helps students improve their ACT scores with Ivy-league teachers, small classes, and exclusive study material.

We offer classes to prepare for every ACT class given throughout the year.

Weekday classes are offered Monday through Thursday.

Weekend classes are offered on Saturdays.

ADVANCED MATH & READING

Fusion Academy helps students from 6th grade to 8th grade to improve their school grades and to score higher on the SHSAT.

Weekday classes are offered Monday through Thursday.

Weekend classes are offered on Saturdays.

MATH MASTERS

The Math Masters program helps K – 8 students excel with individual and small-group tutoring. The Math Masters program features:

- ◆ Individual Study Plans created and approved by College Professor and Harvard Graduate (M.Ed.)
- ◆ Open Schedule with No Appointments
- ◆ No Limit on Tutoring Hours

The Math Masters program is open for tutoring Monday through Thursday, 4 – 7 PM.

Weekend tutoring is available on Saturdays from 9 AM – 3 PM.
