

What Students Say about Fusion Academy:

"Fusion Academy isn't like other prep schools around Flushing. ABC, Mega, and Kaplan can not compare. I'm glad that I got introduced to Fusion Academy and words can't describe how much Fusion Academy has helped me." --Vivian X.

"Having attended prep schools for a large portion of my life, I can honestly say that Fusion is like no other. What is so unique about Fusion is that the teachers are genuinely concerned for the students' well-being, academics and all. Sue-een and Paul are not only terrific teachers but excellent mentors, role models and friends." --Rachel K.

"Fusion Academy has not only an amazing environment to learn, but also a terrific group of people to learn with. The small class size allows for more intimate and specialized teaching methods. I loved the people I was surrounded with and actually enjoyed studying (as hard as it may seem to imagine)." --Tiffany R.

"God helps those who help themselves...the people at Fusion Academy help everyone no matter what." --Terrence P.
